

This listing of claims will replace all prior versions, and listing of claims in the application:

**Listing of claims:**

Claim 1 (cancelled)

Claim 2 (cancelled)

Claim 3 (cancelled)

Claim 4 (currently amended) A sunglasses holder, which is suitable for coupling combining a pair of sunglasses to with a an item worn on a head of a wearer ~~cap, a woolen cap, a jogging hair band, a sports cap (suncap), a sun visor, a helmet, and the like,~~ comprising:

- a) a fixing member ~~having a fixing means~~ for fixing to the item ~~cap or the like;~~
- b) a connection member coupled to the sunglasses; and
- c) hinges formed respectively in the fixing member and the connection member, the hinges being rotatably coupled to each other by a hinge pin and having a toothed wheel formed in the side wall such that they are engaged with each other, thereby enabling an adjustment of angle.

Claim 5 (currently amended) A sunglasses holder, which is suitable for coupling combining a pair of sunglasses to an item worn on a head of a wearer ~~with a cap, a woolen cap, a jogging hair band, a sports cap (suncap), a sun visor, a helmet, and the like,~~ and can be carried in a disassembled state when not in use, comprising:

- a) a fixing member including a body having an opening formed at the under face and a hole formed at both sides thereof, a resilient piece having a button projected through the hole, and a fixing means for fixing the body to the item ~~cap or the like;~~

b) a detachably-attaching member inserted into the opening of the fixing member to be coupled with the fixing member, the detachably-attaching member having a resilient hook formed such that it can be released from the fixing member by pressurizing the resilient piece;

c) a connection member coupled to the sunglasses; and

d) hinge formed respectively in the detachably-attaching member and the connection member, the hinges being rotatably coupled to each other by a hinge pin and having a toothed wheel formed in the side wall such that they are engaged with each other, thereby enabling an adjustment of angle.

Claim 6 (currently amended) A sunglasses holder according to claim 4 ~~or 5~~, wherein the fixing ~~means of the fixing~~ member includes a bolt, a support plate is integrally formed at both sides of the body, and the support plate has a hole for the bolt to pass through, thereby enabling a bolt coupling.

Claim 7 (currently amended) A sunglasses holder according to claim 4 ~~or 5~~, wherein the respective hinge or either of them has a female thread form at the inner circumference thereof, and the hinge pin has a male thread formed at the outer circumference thereof, correspondingly to the female thread.

Claim 8 (currently amended) A sunglasses holder according to claim 4 ~~or 5~~, wherein the fixing member is coupled to upper portion of the item ~~a cap visor~~.

Claim 9 (new) A sunglasses holder of claim 4, wherein the item is selected from the group consisting of a cap, a woolen cap, a jogging hair-band, a sports cap, a suncap, a sun visor, and a helmet.

Claim 10 (new) A sunglasses holder of claim 5, wherein the item is selected from the group consisting of a cap, a woolen cap, a jogging hair-band, a sports cap, a suncap, a sun visor, and a helmet.

Claim 11 (new) A sunglasses holder according to claim 5, wherein the fixing member includes a bolt, a support plate is integrally formed at both sides of the body, and the support plate has a hole for the bolt to pass through, thereby enabling a bolt coupling.

Claim 12 (new) A sunglasses holder according to claim 5, wherein the respective hinge or either of them has a female thread form at the inner circumference thereof, and the hinge pin has a male thread formed at the outer circumference thereof, correspondingly to the female thread.

Claim 13 (new) A sunglasses holder according to claim 5, wherein the fixing member is coupled to upper portion of the item.

Claim 14 (new) A sunglass holder of claim 8, wherein the item is a cap visor.

Claim 15 (new) A sunglass holder of claim 13, wherein the item is a cap visor.
